Commissioner for Patents

Hal D Wachsman  
Primary Examiner  
Art Unit: 2857

Art Unit: 2857

1. The reply filed on 6-6-03 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

a) As was already cited in paragraph 1.a) of the prior Office Action, the Examiner objects to the figure because there is no figure numbering on the figure (i.e. "Figure 1"). In addition, the drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the method for segregating compounds by ionization polarity (i.e. such as in a flow chart) must be shown or the feature(s) canceled from the claim(s). No new matter should be entered.

A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

The Applicant's remarks on page 7 cite "As required for allowance, the formal matters of figure numbering and a second Figure of a flow chart have been added to both the drawings and the text of the specification". However, no proposed correction or substitute drawing incorporating the correction to the figure of record and no second figure has been found with the reply in the application. In addition, the Applicant's amendment to paragraph 0025 of the specification states "As shown in Figure,..." but does not state a figure number. Appropriate correction is required.

b) Legal phraseology (see paragraph 1.b) of the prior Office Action) can still be found in the Abstract (for example, "said compounds", "said compound"). Appropriate correction is required.

Art Unit: 2857

2. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hal D Wachsman whose telephone number is 703-305-9788. The examiner can normally be reached on Monday to Friday 7:00 A.M. to 4:30 P.M..
